Dear Parents/Carers,

## Photography in School

We make use of photography in school for special events and school activities and to add interest to curriculum topics the children are working on.

These photographs are used on wall displays around school and in pupils' work. We would also like to include photographs of special activities and occasions in our school newsletters to parents and carers.

Would you please complete and return the permission slip below as soon as possible.

If you do not return the permission slip we will assume you have no objection to your child being on these photographs.

Yours sincerely,

Beverley Owens,  
Headteacher.
